## HPR-540 Series

**Stainless Steel**

**Two Stage Pressure Regulator**

The HPR-540 series is a stainless steel two stage pressure regulator recommended for use with high purity corrosive gases requiring precise, contaminant free pressure control. The two stage design yields a delivery pressure change of less than 0.05% with varying inlet pressure which minimizes the supply-pressure effect caused by decaying inlet pressure. Internal surface finish of body is better than 1.6µm which allows easier cleaning and lesser particle contamination. Stainless steel bonnet prevent atmospheric corrosion and maintain appearance.

### TYPICAL APPLICATIONS

- Gas & liquid chromatography
- Zero & calibration gases
- Research laboratories
- High purity carrier gases
- Gas cylinder regulator assemblies
- Hydrocarbon service
- Cryogenic gases

### OPTIONS

- Panel mount kit
- Relief Valve
- Captured Vent
- Self Venting
- Helium leak certification

### FEATURES & SPECIFICATIONS

- Stainless Steel Diaphragm
- Standard 10 µm stainless steel filter at inlet of main valve assembly
- 1.6 µm internal surface finish as standard
- Cleaned for Oxygen service.
- Bubble tight shut-off
- Inlet pressure: 210 bar (3000 psi)
- Outlet range: 0 to 25 bar (360 psi)
- Supply pressure effect less than 0.05%
- Flow Coefficient: Cv 0.05
- Design Pressure: 1.5 times working pr.
- All connections: ¼" NPT (F)
- Seat: PTFE / PCTFE
- Max. Operating Temperature:  
PTFE - 66° C  
PCTFE - 80 ° C
- Inlet end connection: ¼" NPT (F)
- Outlet end connection: ¼" NPT (F)

## Ordering information

**ADVICE IS ALWAYS AVAILABLE ON:**

- System design, installation and commissioning
- Gas handling and control equipments
- Training on product handling and safety
- Engineering and equipment maintenance

**CLIENT LABELS ARE ALSO OFFERED SUBJECTED TO MINIMUM ORDER QUANTITY**

*Altair may suggest certain materials for certain applications. These suggestions are based on compatibility information provided by material suppliers on previous experience. However, Altair does not guarantee the material to be compatible with a specific media; this will be the sole responsibility of the user*
